

Dear Parent / Guardian

OYAMA Hideo
Superintendent of Education
Board of Education, Adachi City

Matters you are requested to report to the school regarding the novel coronavirus infectious disease

- 1 Matters for which prompt contacts are requested even at night time or on Saturdays, Sundays and holidays.
Contact 【Adachi City Office (Representative phone) 03 – 3880 – 5111】

※ Please be sure to tell the representative phone operator the reason of call, school name, grade, child name, and your contact information. The Board of Education will hand over the information to the school and contact the family.

(1) If your child is "positive" for PCR test.

(2) If you have not notified the school that your child will take the PCR test, but the results will turn out during holiday.

- 2 Matters for which prompt contacts are requested on weekdays. (If it occurs at night time or on Saturdays, Sundays, and holidays, please wait for the school to open.)
Contact 【School 03–3884–4611】

※ If there is a period during which your child cannot attend school due to these matters, the child will not be treated as absent.

(1) The child has cold symptoms such as fever and cough.

The child will not be allowed to attend school until more than 24 hours have passed since the fever disappeared and the symptoms tend to improve.

(2) The child was identified as a close contact.

The child will not be allowed to attend school for two weeks from the day of the last close contact with the infected person. Please inform the school of the instructions from the public health center and confirm the date of the start of school attendance.

(3) Your child undergoes PCR test.

The child will not be allowed to attend school until the results are available.

If the result is obtained, please follow the instructions specified in item (5) below.

(4) Your child has returned from abroad or entered Japan.

Regardless of the country or region, the child will be required to stay standby at home for two weeks, and will not be allowed to attend school during that period.

(5) The PCR test result of your child was found.

If the test result is positive, the child will not be allowed to attend school for a certain

period of time. Please inform the school of the instructions from the public health center and confirm the date of the start of school attendance.

If the result is negative, the child can go to school in principle, but if the child is identified as a close contact, or if returned from abroad or entered Japan, the same period during which the child cannot attend school will be applied as indicated in item (2) and (4).

(6) If a family member has cold symptoms, or is a close contact, or undergoes PCR testing, or has returned from abroad or entered Japan.

We have confirmed with the public health center that there will be no restrictions on your child's attendance at school, but we will pay more attention to child health observation at school. If you are worried about your child attending school, please consult with the school.

(In charge)
