

# Learning languages is so much fun

May 22th Tomoko ITO

There are 4 skills in language studying. What are they? Can you tell them? They are reading, listening, speaking and writing.

They are all important. Which skill are you good at? Which skill do you want to improve the most? In my opinion, reading is the most important skill of all. I came to think so since I visited Malaysia and Denmark where I cannot use English.. Do you know why?

OK, I'll talk about it in my English lesson in the near future.

Now, everyone. Look at these pictures from Australia. I have some questions.

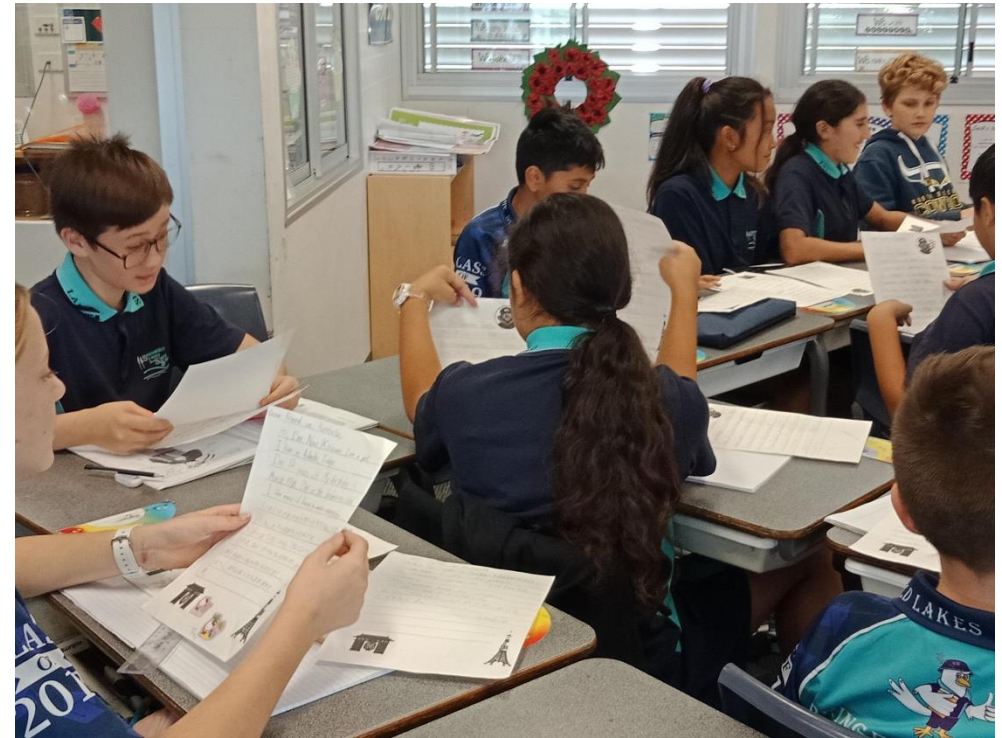

#1.What can you see?

#2.Do you know who they are?

#3.Where are they?

#4.What are they doing?

If you know the answers in English, please come to Ms.Ito and whisper the answer. If your answers are correct, you can get a sticker from her. Of course you can cooperate with your friends. Anyone can join. Let's try & you can do it!

Read the picture & think  
What are their school colors?  
Do we have school colors at  
our school?
