Adachi English Entertainment Event was held on Oct.24th. Twenty students from the 2nd grade joined the contest in drama section. They played “Welcome to Kohoku Sakura JHS”. It is the original play describing our usual English lesson and report of SLSS project in July. It reminds us a good memory of real international communication through English. The students had hard practice for pronunciation and action, and they got the 3rd prize. They also got friends and confident with English. I’m so proud of my students. I know that my students are AWESOME! Give them warm comment & kind message. It’ll be your real communication.

Loudly, Kindly, Clearly!
You can do it!
