High school students are great teachers of English. 12 high students came to our school to teach English. They are from Adachi Nishi High School.

The 1st and 2nd Grade Sakura students had summer seminar, so their supports were really helpful. For the 1st graders, it's important to connect the sound and letters of the alphabet. For example, if you hear sound of "hat", you should image the letters "h", "a" and "t". Then you can spell hat. The high school students supported Sakura students very kindly and well.

For the 2nd graders, they need to learn a lot of vocabulary and useful key sentences. They have to expand their vocabulary size, so we practiced in pairs. The high school students encouraged Sakura students well. So Sakura students

were very motivated to learn English. Adachi Nishi students were nice role models. Can Sakura students be like them? Thank you so much for your support☺ You all helped our kids with your English.

本校英語の夏補充教室に、礼儀正しく優しい生徒さんをたくさん派遣していただき、ありがとうございました。お一人おひとりが素晴らしいサポートをしてくださいました。英語学習の先輩として、本校の1、2年生の生徒たちに優しく教えてくださいました。授業の中で、たくさん励ましてくださったことや、言葉でのやりとりの楽しさを実感させていただいたことで、「英語をがんばってみようかな」と思える生徒が増えましたし、私どもも大変勉強になりました。この度は本当にありがとうございました。
