June 1<sup>st</sup>, 2018 Tomoko ITO

Each country has its flag. They are national flags. What about Japanese flag? How many colors do we have in our flag? Yes, we have two colors on our flag. What colors are they? Right, white and red. Japanese flag means “Rising Sun”. Like Japanese flag, each country's flag has the meaning.

Ms.Hannah talked about her National Flag in her English lesson. Now I have some questions.

- Q1. What kind of shape is it?
- Q2. How many colors are there in Indian flag?
- Q3. Each color has its meaning. What colors are they & what do they mean?

After listening comprehension, students checked the meaning of the words.
