

Reach for your Dream!

Sep.15th,2018/March17,2020 Kohoku Sakura JHS

Mr.Kawai Junichi visited our school on September 15th,2018. Do you remember? He is a swimmer and he is a medalist of the Paralympic games.

When he was 15 years old, he became blind. But he never gave up. He had two big dreams. He wanted to join the Paralympic games and he wanted to be a teacher. He tried very hard for these dreams. His family, his friends, people around him supported him, too. Finally, his dream came true. Now he is working for Para-Athletes.

Mr. Kawai talked about his life for us. He taught us the important things for us : First, Find your own dream. Second, keep good relationship with your friends. Be nice to people around you. Third, Decide the deadline. Thank you for your happy visiting, Mr.Kawai. Now he is the chairman of JPC(Japanese Paralympic Committee). And he is the Paralympic Team Leader in Tokyo 2020. He is so energetic! We are going to watch Paralympic games in this summer. Go JAPAN!

The first grade students guided Mr.Kawai. Thank you for your nice support!
